Following a directive from Wellesley, Howard Kalens instructed Amery Farnhill to open an embassy in a small building at Canaveral which the Chironians obligingly agreed to vacate, having been about to move into larger premises elsewhere anyway. The intention was to provide a focal point that the Chironians would recognize and respond to for opening diplomatic channels. Unfortunately, the natives paid no attention to it, and after two days of sitting at his desk with nothing to do, Avery Farnhill pleaded with Kalens for approval to send out snatch squads from his contingent of SD guards to bring in likely candidates to talk to him. Kalens could only partly concur since he was under strict instructions from Wellesley. "Now that we've got Malloy, those two would make the whole thing cast-iron." He turned his head to Sirocco, who was half listening but looking away across the room with a thoughtful expression on his face. "Had any more thoughts about that?" Colman asked. Sirocco responded distantly, "Borftein and Wellesley."...aliens or his vessel might spiral into the gravitational vortex of a black hole while he dreamed of Britney. "Old Yeller would be your dog?". Judging by the sound of it, the chopper is heading southwest, following the interstate. This is not good...not being the boss of her. "Do you?". In the other as she ascended in a pale green levitation beam...lodgers peer out in search of the source of the tumult...Most likely this is an ordinary driver, unaware of the boyhunt that is being conducted discreetly but with chorus with it...personality, but she means well...Communications between Earth and the Kuan-yin had been continuous since the robot's departure in 2020, although not conducted in real-time because of the widening distance and progressively increasing propagation delay. The first message to the Chironians arrived when the oldest were in their ninth year, which was when the response had arrived from Earth to the Kuan-yin's original signal. Contact had continued ever since with the same built-in nine-year turn-round factor. The Mayflower II, however, was now only ten light-days from Chiron and closing; hence it was acquiring information regarding conditions on the planet that wouldn't reach Earth for years...and being rude to nuns...the motherless boy and the ragtag dog huddle together. He had talked to Kath, and she had assured him no Chironians would have been involved. It was an act of faith, he conceded, but he believed that she knew the truth and had spoken it. The Chironians had reacted to Padawski in the way that Colman had known instinctively that they would...specifically, with economy of effort, and with a surgical precision that had not involved the innocent... "Really?" Sterm's one word conveyed all the disbelief necessary; its undertone suggested that she reconsider whether she believed her answer either, "Come now, Celia, the realities of life are no strangers to either of us. We can be frank without fear of risking offense. The people live theft lives and serve their purpose, and a few more or less will make no difference that matters. Now tell me again, who are you really worried about?". In one sense, the nearness of those searching for him doesn't matter. The likelihood of his being...notches above plain grub...". The unpacking was finished, and Jean would know better where she wanted to stow the few things he had left lying out.
